---	---

1-Product and Company Identification

Product Name: HIV-1 p24 ELISA Assay
Company Name: Express Biotech International (XpressBio)
Address: 4650 Wedgewood Blvd, Suite 103
 Frederick, MD 21703, USA
Phone number: (301) 228-2444
Fax number: (301) 560-6570
Emergency phone number: Contact national poison control in your state or country.
Recommended Use: For research use only. Not for diagnostic use.

2-Hazard(s) Identification

MOST IMPORTANT HAZARDS:

Stop Solution

Hazard Classification:

Xi Irritant

Signal Word:

Warning

Hazard Statements:

Skin Irrit. 2: H315 – Causes skin irritation.

Eye Irrit. 2: H319 – Causes serious eye irritation.

Pictogram:

Precautionary Statements:

P264 - Wash thoroughly after handling.

P280 - Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352 - IF ON SKIN: Wash with plenty of water. P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P321 - Specific treatment (see on this label).

P332+P313 - If skin irritation occurs: Get medical advice/attention.

P337+P313 - If eye irritation persists: Get medical advice/attention.

Other Hazards:

None

**EXPRESS BIOTECH INTERNATIONAL
(XpressBio)**

Safety Data Sheet

For all research reagents manufactured by XpressBio with catalog number XB-1000

Effective date: December 2020

Revision A

3-Composition/Information on Ingredients

Components with materials contributing to the hazard:

Stop Solution

Chemical	Concentration	CAS Number	EC Number
Sulfuric Acid	1 N	7664-93-9	231-639-5

Components presenting a danger, but with concentrations under the hazard threshold:

TMB Substrate

Chemical	Concentration	CAS Number	EC Number
Hydrogen Peroxide	≤ 0.03 %	7722-84-1	231-765-0

Components presenting harmful materials, but with concentrations under the harmful threshold:

Positive Control
Detector Antibody
Streptavidin HRP Conjugate

Chemical	Concentration	CAS Number	EC Number
Bromonitrodioxane	≤ 0.01 %	7722-84-1	250-001-7

Lysis Buffer

Chemical	Concentration	CAS Number	EC Number
Triton X-100	5%	9002-93-1	618-344-0

Wash Buffer

Chemical	Concentration	CAS Number	EC Number
Tween 20	1.0%	9005-65-6	500-019-9

4-First-Aid Measures

The following general first aid measures apply to this product:

Inhalation:

Inhalation may cause coughing, tightness of the chest and irritation of the respiratory system. Irritating to respiratory system. Move the exposed person to fresh air. Seek medical attention.

Skin contact:

Irritating to skin. Wash off immediately with plenty of soap and water. Remove contaminated clothing. Seek medical attention if irritation or symptoms persist.

Eye contact:

EXPRESS BIOTECH INTERNATIONAL
(XpressBio)

Safety Data Sheet

For all research reagents manufactured by XpressBio with catalog number XB-1000

Effective date: December 2020

Revision A

Irritating to eyes. Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Seek medical attention if irritation or symptoms persist.

Ingestion:

DO NOT INDUCE VOMITING. Ingestion may cause nausea and vomiting. Seek medical attention if irritation or symptoms persist.

Most important symptoms:

The most important known symptoms and effects are described in the labeling (see section 2) and/or in section 11.

Immediate medical attention and special treatment:

No data available.

5-Fire-fighting measures

Extinguishing media:

Suitable extinguishing media: Dry chemical. Foam. Carbon dioxide (CO₂).

Unsuitable extinguishing media: Water may not be effective.

Specific hazards:

For sulphuric acid, contact with most metals causes formation of flammable and explosive hydrogen gas.

Specific methods of firefighting:

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face-piece operated in the pressure demand or other positive pressure mode. Structural fire-fighter's protective clothing is ineffective for fires involving sulphuric acid. Stay away from sealed containers.

6-Accidental Release Measures

Personal precautions and protective equipment:

Ensure adequate ventilation. Use recommended Personal Protective Equipment. See section 8 for additional information.

Emergency procedures:

Use protective equipment.

Methods and materials for containment and cleanup:

Contain liquid when possible. Use non sparking tools and equipment. Absorb with an inert material (e.g., vermiculite, dry sand, earth), and place in a chemical waste container. Do not use combustible materials, such as saw dust. Ventilate area and wash spill site after material pickup is complete.

Environmental precautions:

Collect absorbent and place into suitable containers for proper disposal in accordance with applicable waste disposal regulation. Do not flush to sewers, storm drains, surface waters, and soil.

EXPRESS BIOTECH INTERNATIONAL
(XpressBio)

Safety Data Sheet

For all research reagents manufactured by XpressBio with catalog number XB-1000

Effective date: December 2020

Revision A

7-Handling and Storage

Precautions for safe handling:

Use Personal Protective Equipment as required.

Conditions for safe storage, including incompatibilities:

Keep in a dry, cool, well ventilated area. Ensure containers are properly labeled.

8-Exposure Control / Personal Protection

Occupational exposure limits:

There are no established exposure limits for this product. However, the following exposure limits exist for the following hazardous ingredients:

Ingredients:	OSHA PEL	ACGIH TLV	Other
Sulfuric Acid:	1 mg/m ³	1 mg/m ³	3 mg/m ³ (STEL)

Engineering controls:

Ensure adequate ventilation, especially in confined areas.

Personal Protective Equipment:

Eye and Face Protection:

Wear safety glasses with side shield, or full-face shield if eye contact is likely. The choice of protection should be based on the job activity and potential for exposure to eyes and face.

Respiratory protection:

In case of insufficient ventilation, wear appropriate respirators and components approved by government.

Skin and body protection:

Wear appropriate clothing. The choice of skin protection should be based on the job activity and potential for exposure to the skin.

Hygiene measures:

Wash hands immediately after handling materials (especially before eating, drinking or smoking). Decontaminate or discard protective equipment after each use.

Remove personal protective equipment when leaving work area.

9-Physical and Chemical Properties

Information for physical and chemical properties –

Appearance: Liquid

Upper/lower flammability or explosive limits: No data available

Odor: No data available

Vapor pressure: No data available

Odor threshold: No data available

Vapor density: No data available

pH: No data available

**EXPRESS BIOTECH INTERNATIONAL
(XpressBio)**

Safety Data Sheet

For all research reagents manufactured by XpressBio with catalog number XB-1000

Effective date: December 2020

Revision A

Relative density: No data available
Melting point/freezing point: No data available
Solubility(ies): No data available
Initial boiling point and boiling range: No data available
Flash point: No data available
Evaporation rate: No data available
Flammability: No data available
Partition coefficient: n-octanol/water: No data available
Auto-ignition temperature: No data available
Decomposition temperature: No data available
Viscosity: No data available

10-Stability and Reactivity

Reactivity:

No known reactivity.

Chemical stability:

Stable under normal use and conditions.

Hazardous reactions:

No known hazardous reactions.

Conditions to avoid:

No information available.

Incompatible materials:

None known under normal use and conditions.

Hazardous decomposition:

No information available.

11-Toxicological information

Toxicological information is supplied for Sulfuric Acid only. Other components of the preparation are not supplied at levels or quantities currently thought to have toxicological effects.

Sulfuric Acid is present at 5 % in the Stop Solution.

Inhalation:

Sulfuric Acid: LD50 = 510 mg/m³/2H (rat)

Skin (Irritancy and Acute Toxicity):

Sulfuric Acid: No info.

Eye (Irritancy and Acute Toxicity):

Sulfuric Acid: Standard Draize, eye, rabbit, 250 µg (severe)

Ingestion:

Sulfuric Acid: LD50 = 2140 mg/kg (rat)

Sensitisation:

Sulfuric Acid: No data

Chronic toxicity or long term toxicity:

**EXPRESS BIOTECH INTERNATIONAL
(XpressBio)**

Safety Data Sheet

For all research reagents manufactured by XpressBio with catalog number XB-1000

Effective date: December 2020

Revision A

Sulfuric Acid: Long term exposure to mist or vapors may cause damage to teeth. Chronic exposure to mists containing sulphuric acid is a cancer hazard.

Specific effects:

Carcinogenicity

Sulfuric Acid: None identified

Mutagenicity

Sulfuric Acid: None identified

Reproduction toxicity

Sulfuric Acid: None identified

12-Ecological information

Sulfuric Acid:

May leach into ground water.

In air, removed to moderate extent by wet deposition. Removed to moderate extent by dry deposition.

Environmental toxicity-

LD50 Flounder 100 to 330 ng/l/48 hr aerated water/ Conditions of bioassay not specified.

LD50 Shrimp 80-90 mg/l/48 hr aerated water / Conditions of bioassay not specified.

LD50 prawn 42.5 ppm/48 hr salt water / conditions of bioassay not specified. May be toxic to aquatic life.

13-Disposal Considerations

Dispose of materials in this kit according to Federal, State and Local Requirements. Use proper technique and PPE (refer to Section 8) for disposal.

14-Transport information

Classifications for land, air, and sea transport:

UN number: Not regulated.

UN shipping name: Not regulated.

Transport hazard class: Not regulated.

Packing group: Not regulated.

Environmental hazards: Not regulated.

Bulk transport in accordance with Annex II of MARPOL 73/78: Not regulated.

Special user precautions: Not regulated, no information available.

 EXPRESS BIOTECH INTERNATIONAL (XpressBio)	Safety Data Sheet For all research reagents manufactured by XpressBio with catalog number XB-1000
	Effective date: December 2020 Revision A

15-Regulatory Information

United States Regulatory Information
SARA 313: Not listed.

16-Other Information

Recommended use:
This product is for **Research Use Only**, not for diagnostic use.

SDS Revision date: December 7th, 2020
Reason for revision: Update sections format and information.

Others:
The above information is based on data available to XpressBio and is believed to be correct. Since the information may be applied under conditions beyond the control of XpressBio and with which the company may be unfamiliar, XpressBio does not assume any responsibility for the results of its use and all persons receiving it shall make their own determination of the effects, properties, and protections, which pertain to their particular conditions.

No representation, warranty, or guarantee, express or implied (including a warranty of fitness or merchantability for a particular purpose), is made with respect to the material, the accuracy of this information, the results to be obtained from the use thereof, or the hazards connected with the use of the material. Caution should be used in the handling and use of the material.
