

PIGMENT EPITHELIUM DERIVED FACTOR (PEDF)

ANTIBODIES

- Applications: ELISA, Western blot
- Anti-mouse, anti-human, and anti-rat available
- Lyophilized - stable, easy to handle
- Primary and biotin-labeled secondary options

PROTEINS

- Applications: ELISA, Western blot
- High purity
- Lyophilized - stable, easy to handle
- Multiple sizes available

ELISA KIT

- Quantify levels of PEDF antigen in cell culture, tissue, and biological fluids
- Quick results, easy to use
- Long shelf life
- High sensitivity
- Bulk quantities available
